Serviceopbygning

Forberedelse af pilotfasen – sidste måneder af 2020

Pilot-forskningsprojekter i første halvår af 2021

Forberedelsesmaterialet til forskningsprojekterne, der deltog i pilotfasen var udviklet i DEFF-projektet USKFBRUSO(SR) og tilpasset CBS-forhold

Valg og udvikling af servicemodel

”Udvikling af servicemodeller og kompetencer i forhold til bibliotekernes rolle ved udarbejdelse af systematiske oversigtsartikler (Systematic reviews)”

Og hvad er det så, vi tilbyder?

Literature Review Service

If you are planning for a review and would like professional assistance along the way, you will find plenty of help from CBS Library.

A dedicated CBS Library review team stands ready to assist in the various stages of the review process, including

- Choice of review type (See article below for a list)
- Database selection
- Search string organization and validation
- Adaptation of search strings across databases
- Implementation, management, and safeguarding of protocols
- Introduction to software to support the review process
- Preparation of data extraction from retrieved documents
- Review of existing protocol/process

The nature and extent of our contribution depend on the specific context and are of course coordinated in close dialogue with you.

Please reach out for a preliminary talk about your project on review@cbs.dk and we will get back to you as soon as possible.

Tell us what you are working on

We recommend you complete the information form and include it in your e-mail. The form is intended to give us a quick idea about the scope and nature of your project and it can serve as a shared framework for future discussions. You will find the form in the right menu.
